ENGINEERED INDUSTRIAL CONSTRUCTION

PRE-ENGINEERED BUILDINGS • ROOFING • STEEL ERECTION

WHO WE ARE

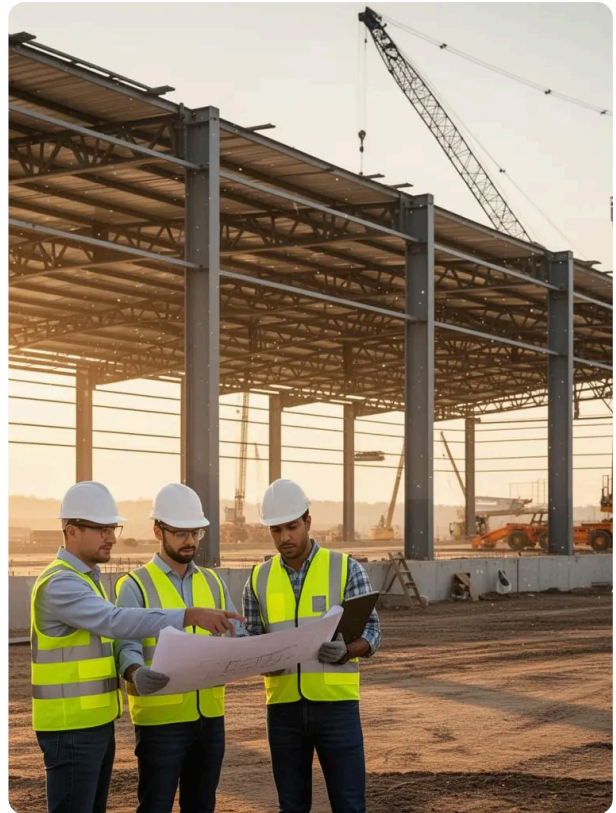

Company Profile

RK Roofing PEB Pvt Ltd is a trusted Pan-India service provider specializing in Pre-Engineered Building (PEB) erection, structural steel erection, industrial roofing, wall cladding, and comprehensive industrial installation services.

Established in 2003 by Late Shri Raj Kishore Singh, our foundation was built on reliability, safety, and unwavering dedication to quality workmanship.

Over the past two decades, we have successfully executed critical infrastructure projects across diverse sectors, including automotive, logistics, manufacturing, airports, and commercial warehousing.

Our focus is strictly on execution, fabrication, and installation — bringing engineered precision to every construction site we manage.

25+

YEARS OF
EXCELLENCE

150+

MAJOR PROJECTS
EXECUTED

**Pan-
India**

OPERATIONAL REACH

Our Services

PEB Erection

Expert erection of Pre-Engineered Buildings for industrial and commercial use. Precise assembly of primary and secondary framing systems ensuring structural integrity and longevity.

Structural Steel Erection

Safe and efficient erection of heavy structural steel for complex industrial frameworks, power plants, and large-span warehouses.

Industrial Roofing

Installation of high-grade industrial roofing solutions. We execute durable, weather-proof roofing systems tailored to exact facility requirements.

Standing Seam Roofing

Installation of advanced standing seam and Kalzip roofing systems for leak-proof, continuous surface protection on large commercial facilities.

Wall Cladding

Premium exterior wall cladding execution for aesthetic appeal and superior environmental protection of industrial structures.

Insulated Panel Services

Precision installation of PUF/EPS insulated panels to ensure optimal thermal efficiency for temperature-sensitive facilities.

CONTINUED

Specialized Installations

Cold Room Panels

Execution of airtight cold storage panelling systems for pharmaceutical, food processing, and specialized logistics centers.

Mezzanine Floors

Installation of robust mezzanine flooring structures to maximize vertical space utilization within existing warehouse boundaries.

Flashing & Gutters

Complete execution of flashing, gutters, and downpipe systems for superior water management and drainage on large roofs.

Insulation & Skylights

Integration of advanced under-deck insulation and polycarbonate skylights to improve energy efficiency and natural lighting.

SECTORS

Industries We Serve

Industrial Warehouses

Logistics Parks

Airport Hangars

OUR STRENGTHS

Why Choose RK Roofing

Safety First

Strict adherence to international safety standards, ensuring zero-harm execution environments on every site.

Engineering Rigor

Meticulous attention to structural details during execution, ensuring precise assembly and long-lasting stability.

Disciplined Execution

A proven track record of completing complex industrial projects on schedule and within budget constraints.

WORKFLOW

Our Work Process

1

Client Consultation

Understanding project scope and requirements.

2

Site Visit

Thorough assessment of the execution site.

3

Project Discussion

Aligning on execution timelines and methodology.

4

Quotation

Transparent and detailed budgetary estimates.

5

Material Procurement

Sourcing specified high-grade construction materials.

6

Installation & Execution

Expert erection and construction by skilled teams.

7

Quality Inspection

Rigorous checks to ensure structural integrity.

8

Project Handover

Final delivery of the completed infrastructure.

Major Projects

Tata Motors

TATA Motors Warehouse

Location: Hubli • **Scope:** PEB Erection & Roofing

Amazon

Amazon Logistics Hub

Location: Bangalore • **Scope:** Standing Seam Installation

Kia Motors

KIA Motors Manufacturing

Location: Anantapur • **Scope:** Wall Cladding & Roofing

Bhoruka

Bhoruka Extrusions

Location: Mysore • **Scope:** Complete PEB Erection

JSW

JSW Steel Facility

Location: Bellary • **Scope:** Structural Steel Erection

Industrial Facility

IndoSpace Logistics Park

Location: Chennai • **Scope:** Heavy PEB Installation
